Subdivision Committee

Ms. Tsigounis introduced Application #1563, 170 14th Street, Tatiana and Max Manco, c/o Mark Madaio, which was received October 28, 2020. It is currently under review.

Report from the Borough Engineer's Office

Mr. Azzolina stated that Application #1563, 170 14th Street, is currently under review. Mr. Stamos noted that Mr. Madaio has taken the liberty of noticing for a Public Hearing for this application for November 24. This application is not ready for a public hearing as it is currently under review. It has not been deemed complete. Mr. Stamos will inform Mr. Madaio that this will not be heard on November 24 and a public hearing will be set once it is deemed complete.

Mr. Azzolina noted that this is a knockdown and there was a pretty much identical application right next door to the north of this property. That is the one where they had the sewer discharge that has all been redirected and resolved. This is pretty much an identical plan to that. There is an easement provided on this property for that line so generally speaking, it is identical to the one next door. He is not sure if it is the same builder or not. The applicant is different.
