Kickoff to Summer Fun with Girl Scouts
Kick off your Girl Scout journey this summer with "Get Ready with Girl Scouts." STEM, art, and outdoor activities await - a great way to make new friends and begin your Girl Scout adventure.

TONIGHT Thursday, June 11, 2026
6:00 PM – 8:00 PM
Edward H. Bryan Elementary School

World Cup Watch Party
Our World Cup Watch Party is scheduled for tomorrow, June 12, at 9:00 PM at the Recreation Center. Please note that this is an outdoor event and will be weather dependent. With scattered thunderstorms possible over the next few days, we will continue to monitor the forecast.

Private Parking Lot Reminder
Please be aware that any private parking lots near the businesses in town is reserved for customers of those businesses only.

The property owner has the legal right to tow vehicles if someone parks and leaves the premises, whether it is for a few seconds, a few minutes, or longer. This is standard practice for private parking lots.

To avoid being towed, please only use the lot while patronizing the businesses on site, and do not leave your vehicle there while visiting another location.

3rd Street Tennis & Pickleball Courts
If you have a chance, stop by and check out the new pickleball and tennis courts at the 3rd Street Recreation Center. They are ready for use and already looking great!

Beat the Heat: Summer Safety Tips for Residents

As temperatures rise during the summer months, the Cresskill Fire Department encourages residents to take precautions to protect themselves and their families from heat-related illnesses. Extreme heat can be especially dangerous for older adults, young children, individuals with chronic medical conditions, and those who work or exercise outdoors.

Stay Hydrated
• Drink plenty of water throughout the day.
• Don't wait until you feel thirsty to hydrate.
• Limit alcohol, caffeine, and sugary beverages, which can contribute to dehydration.

Limit Outdoor Activities
• Schedule outdoor work, exercise, and recreation during cooler morning or evening hours when possible.
• Take frequent breaks in shaded or air-conditioned areas if outdoors during peak heat.

Dress for the Weather
• Wear lightweight, loose-fitting, light-colored clothing.
• Use sunscreen and wear a wide-brimmed hat when spending time outdoors.

Never Leave Children or Pets in Vehicles
• Temperatures inside parked vehicles can rise rapidly, even with windows cracked open.
• Never leave children, pets, or vulnerable individuals unattended in a vehicle for ant amount of time.

Know the Signs of Heat-Related Illness

Heat Exhaustion
Symptoms may include:
• Heavy sweating
• Weakness or fatigue
• Dizziness
• Nausea

• Headache
• Cool, pale skin

If someone is experiencing heat exhaustion, move them to a cooler location, provide water, and seek medical attention if symptoms worsen.

Heat Stroke – A Medical Emergency
Symptoms may include:
• High body temperature
• Hot, red skin
• Confusion
• Loss of consciousness
• Rapid pulse

Call 911 immediately if you suspect someone is experiencing heat stroke.

Check on Neighbors
• Check on elderly neighbors, relatives, and others who may be vulnerable during periods of extreme heat.

Protect Your Pets
• Ensure pets have access to fresh water, shade, and cool areas.
• Avoid walking pets on hot pavement, which can burn their paws.

Stay Informed
• Monitor local weather forecasts and heat advisories.
• Take extra precautions when extreme heat warnings are issued.

A safe summer starts with preparation. By taking simple precautions and looking out for one another, we can help keep our community healthy and safe during periods of extreme heat.

Stay Cool. Stay Hydrated. Stay Safe.
